

# CL Challenger Lifts

## Why Versymmetric® or Versymmetric® Plus 2-Post?

- » It's like owning 2 lifts in One — Versymmetric® 2-Post lifts provide the versatility to lift symmetrically and asymmetrically within the same service bay.
- » Available in **Versymmetric®** 3-stage front arms or **Versymmetric® Plus** offset 3-stage front + 3-stage rear arms for maximum productivity.
- » Maximizes service capabilities and revenue potential.
- » Provides open door clearance for trucks, vans, SUV's and passenger cars for access to vehicle controls.
- » Clear floor design provides obstruction free work environment.
- » Dual safety locks disengage simultaneously with a Single Point Mechanical Lock Release.
- » Overhead shut off system protects vehicles from being raised too high.
- » The most versatile lift in the industry can be turned into a complete bay productivity solution with many accessories to choose from such as an air/electric workstation, stack extension pad adapters and organizer kit.

**Versymmetric®**  
**Plus**

Versymmetric and Versymmetric Plus 2-Post models available in 10,000 lb. capacity.

Floor plate 2-Post available in 9,000 lb. capacity.

Heavy Duty Symmetric 2-Posts available in 12,000 / 15,000 / 18,000 lb. capacities.

Many accessories to choose from.

# 2-Post Accessories

## Frame Engaging Adapters

Frame engaging adapters are ideal for lifting vehicles such as pickup trucks with frames. They provide direct contact to frames without the slipping associated when lifting on slippery, sprayed undercoatings with traditional rubber pads.

Part#: 10318

- » Works with all Challenger above ground two post lifts (Part #10317 Reducer Bushing Kit required for use with 15k and 18k 2-Post)
- » Cradle provides secure fit to frame in tight spaces, minimizing slippage

## Column Extensions

Column extensions provide more head room underneath vehicles. This allows the technician to work at their ergonomic height while servicing higher profile vehicles.

Available for models CL10series, 12000, 15000 and 18000 Heavy-Duty 2-Post lifts

## Air/Electric Workstation

Increase productivity with air supply and electric outlets on the lift column.

- » Convenient power source for extension lights and other tools
- » Air supply will always be at arms reach for facilities using impact wrenches

Part#: B10264

For more information, contact your Authorized Challenger Lifts Distributor.

Part#: 10313

Part#: 10315

Part#: 10316

Part#: 10317

Part#: THK

Part Number	Description
10313	Two 6" Stack Adapter Extensions
10315	Stack Adapter Kit - includes four 3" Stack Adapters, two 6" Stack Adapters, and two Organizer Racks with mounting hardware
10316	Adapter Organizer Rack
10317	Reducer Bushing Kit for use with 10318 on 15k / 18k lb. capacity lifts (set of four)
10318	Frame Engaging Adapter Kit for 2-post lifts (set of four)
B99700	Tire tool manager work station filter/lubricator/regulator
B10264	Air/electric workstation with filter/lubricator/regulator
THK	Tire Hanger Kit for CL10series and CLFP9 2-post models only. Includes column and arm mounting brackets with hardware
