

### CS1220

12,000 lb. capacity

- 1** Accommodate a wide range of vehicle pick up points
- 2** Reduces wear while lifting Heavy-Duty vehicles
- 3** Minimizes risk of hydraulic fluid seeping into the ground as associated with low pressure inground lifts
- 4** Provides increased stability
- 5** Allows technician to work at an ergonomic height to increase productivity and minimize fatigue
- 6** Prevents rust associated with condensation

The Automotive Lift Institute (ALI) certifies that the CS1220 & CS1520 described herein complies with the applicable provisions of the American National Standards ANSI/ALI ALCTV 2006 and are Third Party Validated by the ETL Testing Laboratory.

### CS1520 – 15,000 lb. Capacity

Challenger Lifts is the exclusive manufacturer of the only 15,000 lb. capacity inground lift, the CS1520. This lift's Heavy-Duty arm construction makes it perfect for servicing heavier commercial vehicles.

### Standard Stack Adapters

Inground Heavy-Duty lifts come with 4 standard adapters, 4 medium extensions, and 2 high extensions to reach a wide range of pick up points.
